Pauline overnighted those letters... we'll see what happens.

Let's send it to the facility, and resend it again to the original address. We need to show that we made every attempt to engage with Respondent cooperatively before we go NOI. Lou

The only other address I have is the 930 Port Street one... and that is the facility and it's not a manned station. There usually isn't a person there... I had to call and coordinate my inspection ahead of time because no one is usually there.

Melissa, we can try to mail it to the other addresses I believe we have for this Respondent. Then if they too are refused, we can call Respondent and state if they fail to cooperate, then our next step may be NOI. Let's keep all records of our attempts to engage Respondent cooperatively, which will support our NOI. Lou

Subject: Easton Point Show Cause Letter

Hey Lou! I wanted to talk to you about the returned Show Cause Letter for Easton Point. It came back to us on 3/16/19, and is showing "Refused" on the sticker on the envelope. What should we do with this next?... can we ask MDE to try to deliver it? Is that the best next step?
